Your child has been using the math program called Dream Box. The classroom password code is 53766.

There is a website called Raz-kids. You child can read or listen to the book read to them. There is a free trail for parents. It asks children questions at the end of the book.

If you have books at home, please read or have someone read to you, and they can ask questions. You can go on you-tube and type in stories read aloud to children. Please contact me if you have any questions and concerns. rita.whalen@nbed.nb.ca Thanks
