

Dear: Families:

I want to thank each child for all the warmth, the memories, and the learning that we shared this school year. To my students, I say Thank you! For when I teach, I also learn. This past year we have grown together. Always strive to be the best that you can be. To the guardians, who care and raise you, I say thank you for the home learning you have done and will continue to do. I know this school year was different than any other year we have experienced before, and it was a difficult time for everyone. Please have a safe, wonderful summer!

Kindergarten Students:

Writing:

- From September to March, we have had many great memories, laughs and exciting time together in and out of the classroom setting. Please think of a time or memory that you have experienced this year in school. Draw a picture and include words that correspond to the picture. (Ideas, something you did in gym class, building snowmen outside, stem projects we built, any ideas you have are welcome and if you want to write or draw something you did at home that is great.)

-Rhyme Activities: Say two words that rhyme and one that doesn't and your child has to determine which word doesn't rhyme.

-Blending words together:

You say d-o-g- your child has to say the word dog, c-a-t, l-o-g
d-a-d, f-i-sh, p-u-t, g-e-t

-Sight words to recognize and spell- I, like, to, go, on, to, am, at, me, come, said, we, big, the, mom, dad, little

-Can you now recognize all the letters of the alphabet and know their sounds? Use starfall.com to continue to learn

-Read to Self, Read to Someone, Listen to Reading. Continue to

use Raz Kids and try a quiz. [This site has Math games](#)

-Math outcomes for end of Kindergarten: Recognize numbers 1-10. Count 0-10 forwards and backwards, state the number before and after numbers 1-10, count on and from numbers 1-10, know number combinations for 1-5. Recognize numbers quickly on dice, dot cards, pictures, and five frames. Please continue to practice these math skills. Creating set of objects for numbers 1-10, determine which sets has more, fewer or as many as. In preparation for grade one, you can practice counting 1-100, count by 2's, 5's and 10's to 100. Recognize teen numbers 11-20.
